

DINESH KUMAR S

Freelance Market & Data Research Specialist

6380133686 | dineshdkdineshdk20@gmail.com | [linkedin.com/in/dkraj](https://www.linkedin.com/in/dkraj)

PROFILE

MSc Computer Science graduate with a background in market research and data collection. I work on web research, competitor pricing, LinkedIn lead sourcing and organizing data in Excel and Sheets, and I double check my data across sources before sending it out. Comfortable working independently and meeting deadlines without supervision.

FREELANCE SERVICES

- Market research – competitor and pricing research, checked across multiple sources
- LinkedIn lead sourcing and list building using search filters, Sales Navigator and ZoomInfo
- Amazon and eBay price research – tracking competitor prices across listings and variants
- General data research and entry, including cleaning and organizing data in Excel and Google Sheets
- Content writing – product descriptions for e-commerce listings

RELEVANT EXPERIENCE

Market Researcher — Lessburn | Oct 2022 – Aug 2023

- Conducted web research and collected data from multiple online sources
- Compiled and validated datasets used for business and pricing insights
- Reviewed data regularly to catch errors before it was shared further

TECHNICAL SKILLS

- Excel and Google Sheets
- SQL and basic Python
- LinkedIn Sales Navigator and ZoomInfo for lead sourcing
- Web research, data cleaning and cross-checking
- Content writing (product descriptions)

PROJECTS

AI for Monitoring and Reducing Carbon Footprint | Mar 2025

- Built a Python/Pandas tool to collect and analyze carbon emissions data

Hand Gesture Controlled Game | Oct 2024

- Developed a real-time gesture-controlled game using Python, OpenCV, and Mediapipe

EDUCATION

M.Sc Computer Science — Sankara College of Science & Commerce | Aug 2023 – Apr 2025 | CGPA: 8.5/10

Bachelor of Computer Applications — Kongunadu Arts & Science College | Jun 2018 – Jul 2021 | CGPA: 6.3/10

CERTIFICATIONS

- Foundations of Data Science — Google (2024)
- Software Testing Course — Apex Technologies (2021)
